

APPLICATION to complete an online oral examination (OMP) during "Notbetrieb" (standby operations) at the University of Konstanz

To the chairperson of the Examination Board (StPA) for the bachelor's/master's programme (delete as appropriate):

(For doctoral researchers) to the chairperson of the departmental Doctoral Committee:

I hereby request

full name: _____

born on: _____

student ID number: _____

a) a final oral examination or

b) an oral examination for the course: _____

in the module: _____

in my bachelor's/master's programme (delete as appropriate):

or

c) an oral doctoral examination

in the Department of: _____

as an online oral examination (OMP).

I have read and agree to the following:

My application to complete an OMP is voluntary; if I do not submit an application, the applicable oral exam will take place in the usual manner and as soon as possible after the university resumes regular teaching and examination activities.

The OMP will only be completed if the chairperson of the applicable Examination Board (StPA) or Doctoral Committee as well as the relevant examiners all give their approval for completing the OMP, if the respective examination regulations permit the relevant exam to be taken in this way, and if the university's technical requirements for doing so are met.

The OMP is only possible if all participants can communicate with each other via video. It must be possible to definitively determine the identity of the person taking the exam. For this reason, I am required to show a photo ID of myself before starting the exam (preferably a personal ID or passport).

The OMP will only be completed if the image and sound quality of the video connection is sufficient for completing the examination; at the beginning of the examination, all participants will be asked to test and state whether these conditions are met.

Please note that, due to current high usage, online systems can be overloaded. If, for technical reasons, this video connection cannot be established or cannot be re-established after a short period of time, then the exam attempt must be aborted and will not be counted.

The relevant examiners will then decide whether a second OMP attempt may be made, and when it will take place.

I declare that I will complete the exam without external help and that I will not use any impermissible forms of assistance. If an attempt is made to violate this policy, the exam will be stopped immediately and be evaluated with a failing grade (5.0).

Signature of the person taking the exam:

Place, date, signature
